

MPO(s) must concur in the request and if the delay was due to the development and approval of the TIP, the affected MPO(s) must provide supporting information for the request. If non-attainment and/or maintenance areas are involved, a request for an extension cannot be granted if the conformity determination on the TIP is no longer valid under EPA's conformity regulations (40 CFR part 51).

(e) If, upon review, the FHWA and the FTA Administrators jointly determine that the STIP or amendment does not substantially meet the requirements of 23 U.S.C. 135 and this part for any identified categories of projects, they will not approve the STIP.

(f) The FHWA and the FTA will notify the State of actions taken under this section.

(g) Where necessary in order to maintain or establish operations, the Federal Transit Administrator and/or the Federal Highway Administrator may approve operating assistance for specific projects or programs even though the projects or programs may not be included in an approved STIP.

**§ 450.222 Project selection for implementation.**

(a) Except as provided in §§ 450.220(f) and 450.216(a)(7), only projects included in the Federally approved STIP shall be eligible for funds administered by the FHWA or the FTA.

(b) In metropolitan planning areas, transportation projects requiring title 23 or Federal Transit Act funds administered by the FHWA or the FTA shall be selected in accordance with procedures established pursuant to the project selection portion of the metropolitan planning regulation in subpart C of this part.

(c) Outside metropolitan planning areas, transportation projects undertaken on the National Highway System with title 23 funds and under the bridge and Interstate maintenance programs shall be selected by the State in consultation with the affected local officials. Federal lands highway projects shall be selected in accordance with 23 U.S.C. 204. Other transportation projects undertaken with funds administered by the FHWA shall be selected by the State in cooperation with the

affected local officials, and projects undertaken with Federal Transit Act funds shall be selected by the State in cooperation with the appropriate affected local officials and transit operators.

(d) The projects in the first year of an approved STIP shall constitute an "agreed to" list of projects for subsequent scheduling and implementation. No further project selection action is required for the implementing agency to proceed with these projects except that if appropriated Federal funds available are significantly less than the authorized amounts, § 450.332(c) provides for a revised list of "agreed to" projects to be developed upon the request of the State, MPO, or transit operators. If an implementing agency wishes to proceed with a project in the second and third year of the STIP, the specific project selection procedures stated in paragraphs (b) and (c) of this section must be used. Expedited selection procedures which provide for the advancement of projects from the second or third years of the STIP may be used if agreed to by all the parties involved in the selection.

**§ 450.224 Phase-in of new requirements.**

(a) The State shall, by January 1, 1995, identify the official statewide transportation plan, described under § 450.214, to be used as a basis for subsequently approved STIPs. Until such a plan is identified, but no later than January 1, 1995, the State may identify existing plans and policies which can serve as the official interim plan. STIP development shall be based upon a transportation plan which serves as the official plan (including an interim plan, if appropriate, prior to January 1, 1995, provided that all factors identified in § 450.208 are considered).

(b) The State has a period of one year after February 24, 2003 to document and implement the consultation process discussed in § 450.212(h).
